

DCM REPORT-NORTH

by Debbie A Anderson

JUNE 14, 2017

In the last month I've really tried to make it to all the meeting up North. I've been able to attend all but the one one base, the job corp, and the Red Barn Treatment Center meeting.

I don't have an excuse really as to why I didn't attend these 3, except that the Base meeting is only held on Thurs at 11;30, and that is really difficult for me to get to. The other two, I will try to attend in the next month.

I have been very impressed by how well attended the meetings are. Even the meeting that are known to be struggling a little, have at least 12 people attend.

The one I'm mostly concerned about is the Sat meeting at 5;00 p.m. Called the Clearfield Group, Held At the Clearfield Community Church. There were only 4 attending when I went. Doug, who has been a H.G. Member there for a long time said they have been struggling for a long time. Please let other groups know that this meeting is in need of attendance.

There are a few groups that do not have active GSR's but are still running OK.

I've been able to see some great service in been served in all the meeting I've been going to. Whether that's been someone talking to a new comer, giving out their phone number, willing to help out a new comer, or helping in the latest B.T.G. Workshop we just had.

One of the meeting I was really impressed with, was one of the newest meetings formed, called the Serenity through the Storm, held at 7;30 p.m. At the Clearfield Community Church.

Every first Thurs of the month they have a meditation time. It was just what I needed!! It is wonderful!! They have a lot of early sobriety, and a lot of STRONG sobriety. J.D. And Carson actually go all the way up to Valley Camp to bring back Men to attend this meeting each week! THAT is service!

Since there is not a Area Function in the month of July, I believe I'm going to try to focus on trying to work on getting with the other people that have been willing to help out with our next workshop. We have a lot to figure out.

I appreciate all of you for supporting me, and helping me with idea on how I can better serve. I just want to help each Home Group in their goals.
